

SPECIALTY OFFSHORE PROCUREMENT REQUISITION

Document Ref: TND-2025-SUBSEA-132KV

RFP Title: 132kV Extra High Voltage Sub-Sea Marine Armored Fiber Cable

Issuing Authority: Offshore Wind Infrastructure Corp

Due Date: 2025-11-30

OUT OF CATALOG TECHNICAL REQUIREMENT:

- Voltage Rating: 132kV Extra High Voltage (EHV Submarine Grade)
- Conductor Material: Copper-Lead Alloy Composite Core
- Insulation: Wet-curable Synthetic Rubber Submarine Grade
- Integrated Elements: 48-Core Single Mode Optical Fiber Sub-unit
- Sheathing: Extruded Continuous Lead Alloy Sheath + Double Wire Armor
- Standard Compliance: CIGRE 623 & IEC 60840 Subsea Grade
- Quantity: 2,500 Meters Continuous Unjointed Reel

DISCREPANCY ALERT NOTE:

This specialty EHV subsea cable rating (132kV) exceeds standard catalog medium-voltage ratings (11kV - 33kV) and requires custom marine manufacturing.
